Learn • Develop • Achieve
 St. Louis LDA 2011 Annual Report

Children need hope, understanding and compassion to learn and reach their full potential. Since 1993, we have created targeted solutions for children, parents and professionals to help students maximize their strengths.

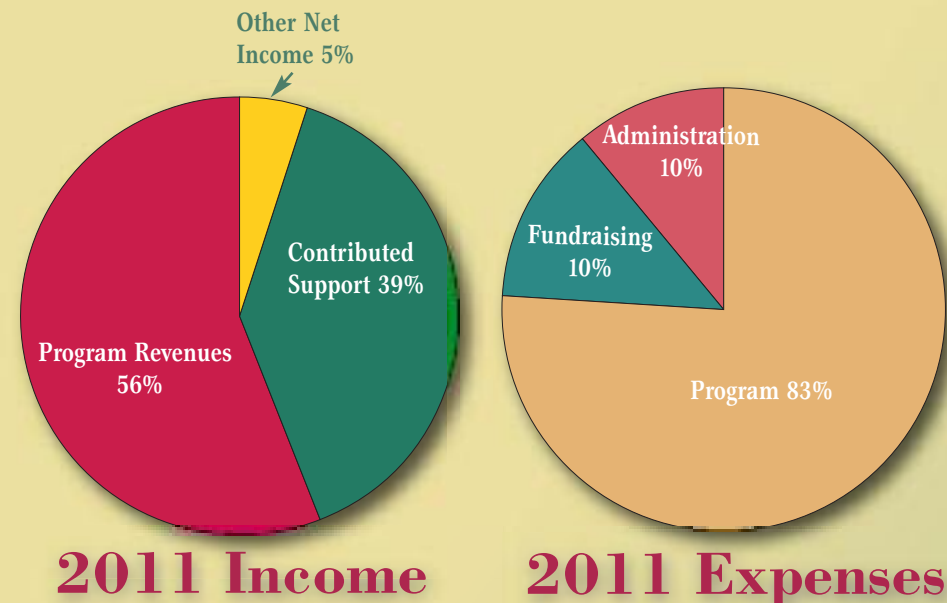

St. Louis LDA Services:

- Early Childhood Outreach Program
- Cognitive Educational Evaluations
- Speech & Language Evaluations
- One-On-One Tutoring • ACT/SAT Preparation
- Individual Family/Advocacy Consultation
 - Parent Coaching Sessions
- Parent/Teacher Workshops & Training
- Educational Coaching • College Advocacy

Meeting the need in our community

Not every child learns the same way. Many struggle in the classroom and beyond because of a learning disability. These problems may manifest themselves in a number of ways: poor test performance, difficulty telling time, poor motor coordination, slowness in completing work, poor memory and impulsive behavior.

Our resources have allowed St. Louis LDA experts to help 23,095 children, parents and professionals in 2011. Since we began helping children and their families in 1993, this number now totals 166,904.

In 2011 St. Louis LDA was able to award more than **\$295,000** in free or reduced services.
